**Amberley Society**

The Society, along with its partners, has managed and achieved many successes since it was founded in 1971. Surrounded by so much history and precious countryside an important part of what we do is to increase and enhance our understanding and appreciation of Amberley through regular meetings, talks and walks. We have at least three meetings each year with interesting, relevant topics which regularly fill the Church Hall to capacity. The meetings are enjoyable, relaxed and informal.

The Society is associated to and regularly works with other agencies including Amberley Parish Council, Horsham District Council, West Sussex County Council, the South Downs National Park Authority, the Environment Agency and Natural England. Our membership of the South Downs National Park Authority is a vital part of our partnership with other organisations such as CPRE, the South Downs Society, Sussex Wildlife Trust, SUDS, National Trust and the Ruffians Association. For details of the community issues that the Society have worked on see [Campaigns and Projects](#) page. **Join Amberley Society - March 18th 7.30pm.**

**CAMPAIGNS**

The Society has represented the community's interests in a number of campaigns to maintain the character and sustainability of the village. The latest campaign is the Save Our Sportsman campaign - see details below. Successful previous campaigns include saving the Black Horse pub, the school, the shop, as well as working with partners on the Gurkha Bridge over the River Arun and supporting the ACTNOW campaign renovating the St Michaels church tower. The Society is also involved in reviewing planning applications for housing developments both private and social. The success of the previous campaigns shows how effective joint action by local communities can be. The Society relies on support from the community.
